Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Chetianxia
- Model Number: Wuling EV
- Price: \$4,700.00/pieces 1-1 pieces
- Packaging Details: 1
- Delivery Time: 30
- Payment Terms: T/T
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Product Name: Electric Car
- Color: Optional
- Energy Type: Pure Electric/100% Electric Car
- Body Structure: 3-door-4-seater
- Charging Time: 4.5 Hour
- Battery Type: Lithium Iron Phosphate Battery
- Level: Mini Car
- Length * Width * Height: 2497x1526x1616mm
- Port: Shenzhen
- Highlight: 4 Seater Mini EV Cars, Sleek Mini EV Cars, 4 Seater EV Car Powered

Product Description

New Energy Vehicles Mini Wuling EV Electric Car Hongguang 4 Seater

The Mini Wuling EV Electric Car is a compact and environmentally-friendly vehicle that offers a convenient and practical solution for urban commuting. With its sleek design and compact size, this electric car is perfect for navigating through crowded city streets and finding parking spaces with ease.

Powered by an efficient electric motor, the Mini Wuling EV offers a smooth and silent driving experience while minimizing carbon emissions. It comes equipped with a high-capacity lithium battery that provides a substantial range, allowing users to travel comfortably without worrying about frequent recharging.

This electric car features a spacious and comfortable interior, accommodating up to four passengers. The well-designed cabin includes modern amenities such as air conditioning, advanced infotainment system, and comfortable seating for a pleasant driving experience.

The Mini Wuling EV also offers convenience and versatility, with ample storage options in the form of a trunk and folding rear seats. This allows users to easily accommodate their cargo needs, whether it's groceries, luggage, or other essentials.

Front tire specification	195/60 R16	195/60 R16
Rear tire specification	195/60 R16	195/60 R16

In terms of suspension, a combination of front MacPherson independent suspension and rear multi link independent suspension is adopted. Based on our previous test drive of the Chang an UNI-V Intelligent Electric iDD, we adopted a sporty tuning style, bringing solid and agile driving performance. At the same time, the chassis is equipped with power batteries and necessary battery brackets in the middle, so the entire chassis brings a stable and compact driving feel.

In terms of interior design, it can be seen that the entire interior adopts sharp angular design elements, with a prominent center console design. Details such as the cockpit style gear lever area, three spoke steering wheel, and through air vents enhance the overall texture. At the same time, the entire center console is tilted towards the driver's side, which not only enhances convenience but also brings a good visual aesthetic.

In terms of power, it is equipped with a Blue Whale 1.5T hybrid dedicated turbocharged engine, with a maximum horsepower of 170Ps and a maximum torque of 260N · m. With the assistance of an electric motor, the system's com

prehensive maximum torque reaches 590N • m. It is matched with a 6-speed three clutch electric drive transmission, which takes only 6.5 seconds to break 0-100km/h.
