

## China New Energy Vehicles Pure Cars Dongfeng EV Mini Electric Car

Our Product Introduction

for more products please visit us on [evcar.cn](http://evcar.cn)

### Basic Information

- Place of Origin: Guangdong, China
- Price: \$4,289.00/pieces 1-2 pieces
- Supply Ability: 1000 Piece/Pieces per Month

### Product Specification

- Steering: Left
- Emission Standard: Euro III
- Year: 2022
- Month: 4
- Mileage: 25001-50000 Miles
- Make: Chetianxia
- Type: Mini Car
- Fuel: Electric, Hybrid
- Engine Type: Naturally Aspirated
- Cylinders: 3
- Maximum Power(Ps): 100-150Ps
- Gear Box: Automatic
- Forward Shift Number: 4
- Maximum Torque(Nm): 100-200Nm
- Wheelbase: 1500-2000mm

Body form:

3-door 4-seat hatchback

Length x width x height (mm):	2995x1495x1640
Wheelbase (mm):	1960
Type of power:	Pure electric
Maximum power of the whole vehicle (kW):	30
Maximum torque of the whole vehicle (N · m):	100
Official maximum speed (km/h):	100
Slow charging time (hours):	7.5
Ministry of Industry and Information Technology Pure Electric Range (km):	220
Number of doors (number):	3
Number of seats (number):	4
Readiness mass (kg):	755
Minimum ground clearance (mm):	135
Motor type:	Permanent magnet/synchronous
Total motor power (kW):	30

In terms of suspension, a combination of front MacPherson independent suspension and rear multi link independent suspension is adopted. Based on our previous test drive of the MINE EV Intelligent Electric iDD, we adopted a sporty tuning style, bringing solid and agile driving performance. At the same time, the chassis is equipped with power batteries and necessary battery brackets in the middle, so the entire chassis brings a stable and compact driving feel.

In terms of interior design, it can be seen that the entire interior adopts sharp angular design elements, with a prominent center console design. Details such as the cockpit style gear lever area, three spoke steering wheel, and through air vents enhance the overall texture. At the same time, the entire center console is tilted towards the driver's side, which not only enhances convenience but also brings a good visual aesthetic.

In terms of power, it is equipped with a Blue Whale dedicated turbocharged engine, with a maximum horsepower of 170Ps and a maximum torque of 260N · m. With the assistance of an electric motor, the system's comprehensive maximum torque reaches 590N · m. It is matched with a 6-speed three clutch electric drive transmission, which takes

electric drive transmission, which takes only 6.5 seconds to break 0-100km/h.

The MINE EV continues the design style of the fuel version and is also the design orientation that continues the UNI series, because East Wind established this series at the beginning to make it go further. However, the MINE EV is currently the only plug-in hybrid sedan in the series, and is more focused on handling and driving pleasure. Therefore, its overall design style also presents sporty characteristics.
