

EV Fully Electric SUV 4 Wheel Cars Vehicles Geely Zeekr X 2023

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Chetianxia
- Price: \$28,000.00/pieces 1-2 pieces
- Supply Ability: 1000 Piece/Pieces per Month

Product Specification

- Product Name: Electric Car
- Color: Optional
- Max Speed: 180 Km/h
- Body Structure: 5-door 5-seat SUV
- Length * Width * Height: 4450x1836x1572mm
- Battery Type: Lithium Iron Phosphate Battery
- Energy Type: Pure Electric/100% Electric Car
- Level: Small SUV
- Port: Shenzhen
- Highlight: **ev fully electric suv, fully electric suv vehicles, suv 4 wheel cars**

Battery capacity (kWh)	66
Wheelbase (mm)	2750
Maximum speed (km/h)	185
Official 0-100km/h acceleration (s)	5.8

Product Description

Headlight

In terms of suspension, a combination of front MacPherson independent suspension and rear multi link independent suspension is adopted. Based on our previous test drive of the Chang an UNI-V Intelligent Electric iDD, we adopted a sporty tuning style, bringing solid and agile driving performance. At the same time, the chassis is equipped with power batteries and necessary battery brackets in the middle, so the entire chassis brings a stable and compact driving feel.

In terms of interior design, it can be seen that the entire interior adopts sharp angular design elements, with a prominent center console design. Details such as the cockpit style gear lever area, three spoke steering wheel, and through air vents enhance the overall texture. At the same time, the entire center console is tilted towards the driver's side, which not only enhances convenience but also brings a good visual aesthetic.

In terms of power, it is equipped with a Blue Whale 1.5T hybrid dedicated turbocharged engine, with a maximum horsepower of 170Ps and a maximum torque of $260\text{N} \cdot \text{m}$. With the assistance of an electric motor, the system's comprehensive maximum torque reaches

590N • m. It is matched with a 6-speed three clutch electric drive transmission, which takes only 6.5 seconds to break 0-100km/h.
