The 2023 Zeekr 001 is the Longest-Range EV With Claimed 641 Miles Per Charge

Thanks to its streamlined design, Zeekr's first vehicle offers an impressive 620 kilometers of WLTP range. According to the Chinese brand's official statement, 001 achieves great efficiency with the help of a low wind resistance body design and CATL's groundbreaking cell-to-pack (CTP) technology.

Zeekr Innovation in Sustainable NEV Technology

Zeekr offers a new Z-Sport package for the 2023 001's high-performance YOU AWD variant. This package includes the new Light Orange body color, black roof, 22-inch multi-spoke forged wheels wrapped in performance tires, high-performance brake discs, Brembo six-piston calipers, adaptive racing seats with 18-way electric adjustment, and dual-tone orange-gray interior with Alcantara upholstery.
