

## 125KW Used Electric Cars 2022 SUV EV Automotive Industry Car

Our Product Introduction

for more products please visit us on [evcar.cn](http://evcar.cn)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Volkswagen
- Model Number: ID 4 Crozz
- Minimum Order Quantity: 1
- Price: \$20,000.00/pieces 1-4 pieces
- Packaging Details: 1
- Delivery Time: 15
- Payment Terms: T/T
- Supply Ability: 100 Piece/Pieces per Month

### Product Specification

- Steering: Left
- Emission Standard: Euro III
- Engine Capacity: < 4L
- Year: 2022
- Month: 2
- Mileage: 25001-50000 Miles
- Make: CHETIANXIA
- Type: SUV
- Fuel: Electric
- Engine Type: Naturally Aspirated
- Cylinders: 3
- Maximum Power(Ps): ≤100Ps
- Gear Box: Automatic
- Forward Shift Number: 4
- Maximum Torque(Nm): ≤100Nm

## Product Description

New Energy Pure Used SUV VW ID4 Crozz EV Electric Car For Volkswagen

The ID.6 is expected to be the largest SUV in Volkswagen's ID lineup, which is their range of electric vehicles built on the modular electric drive matrix (MEB) platform. It is anticipated to be a three-row SUV with seating for up to seven passengers, making it a suitable choice for families or those in need of extra space.

In terms of design, the ID.6 is likely to share similarities with other models in the ID range, featuring a modern and aerodynamic appearance. It is expected to incorporate Volkswagen's latest design language and may have a spacious and well-equipped interior.

As an electric vehicle, the ID.6 will likely offer a range of battery options to suit different driving needs. The range and performance specifications may vary depending on the specific version and battery pack chosen. However, precise details regarding the powertrain options, battery range, and charging capabilities are not available to me as of my knowledge cutoff.

It's worth noting that the automotive industry is constantly evolving, and new information may have emerged since my last update. For the most accurate and up-to-date details about the Volkswagen ID.6

## Product Description

Engine	125KW	125KW	150KW	150KW

The diagram of over 29% hot formed steel plate \* is provided as a schematic diagram

12 o'clock touch screen navigation system - Bluetooth phone

The schematic diagram shows the battery capacity of 84.80kWh

On the interior of the ID.4 CROZZ, the obvious traditional style may still be felt, but Volkswagen has also made every effort to innovate for the model, such as replacing a large number of traditional buttons with touch based interaction, equipping the car with a "rotary" gear shift structure, concentrating a large number of operating systems on the 12 inch high-definition central control screen, and equipped with AR HUD augmented reality head up display system.
