Product Description

New Energy Vehicles 401km Geely Geometry E Electric Ev Car Pure Suv

The Geely Geometry E is an all-electric vehicle (EV) produced by Geely Auto, a Chinese automaker. It is part of Geely's Geometry brand, which focuses on electric and hybrid vehicles.

The Geometry E is a compact electric sedan that offers a blend of style, technology, and efficiency. It features a sleek design with modern aesthetics and aerodynamic elements. The interior is designed to provide comfort and convenience, with advanced infotainment systems and connectivity options.

The Geometry E is also equipped with advanced safety features and driver assistance systems to enhance overall safety on the road. These may include features such as adaptive cruise control, lane-keeping assist, automatic emergency braking, and blind-spot monitoring.

the Geometry E is equipped with an electric motor that delivers instant torque and smooth acceleration. The specific powertrain and battery specifications may vary depending on the model and trim level. Geely has offered different battery options for the Geometry E, providing varying levels of driving range.
