

Mini Automobile Used Car Compact Pure Electric Driving Car Changan Ben Ben

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Changan
- Model Number: Ben Ben E-Star
- Minimum Order Quantity: 1
- Price: \$6,523.00/pieces 1-2 pieces
- Delivery Time: 30
- Payment Terms: T/T
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Product Name: Energy Electric Vehicle
- Color: Optional
- Max Speed: 101 Km/h
- Body Structure: 4-door 5-seater Sedan
- Energy Type: Pure Electric/100% Electric Car
- Length * Width * Height: 3770x1650x1570
- Charging Time: 0.5 Hour
- Level: Mini Car
- Port: Shenzhen
- Highlight: mini automobile used car, pure electric driving car, automobile used car compact

Product Description

New Energy Vehicles Changan Ben Ben E-Star EV Electric Car Pure Mini

The Changan Ben Ben E-Star EV is an electric vehicle (EV) produced by Changan Automobile, a Chinese automaker. The Ben Ben E-Star EV is part of Changan's lineup of electric cars and is designed to be a compact and affordable electric vehicle option.

The Ben Ben E-Star relies solely on electric power for propulsion, utilizing an electric motor and a battery pack. This means it does not have an internal combustion engine and does not produce tailpipe emissions. Instead, it relies on charging the battery to provide power for driving.

The Changan Ben Ben E-Star EV is likely to have a limited driving range on a single charge, which can vary depending on factors such as driving conditions, weather, and battery capacity. It's always a good idea to check the manufacturer's specifications or consult with a Changan dealership for the most up-to-date and accurate information on the specific features, range, and charging capabilities of the Ben Ben E-Star EV.
