

EV Plug In Hybrid Compact SUV 2021 Safety Electric BYD Song Plus

Our Product Introduction

for more products please visit us on evcar.cn

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: BYD
- Model Number: BYD Song Plus
- Minimum Order Quantity: 1
- Price: \$25,000.00/pieces 1-2 pieces
- Packaging Details: 1
- Delivery Time: 30
- Payment Terms: T/T
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Product Name: Electric Car
- Color: Optional
- Body Structure: 5-door 5-seater SUV
- Max Speed: 170 Km/h
- Charging Time: 0.5 Hour
- Energy Type: Pure Electric/100% Electric Car
- Length * Width * Height: 4705x1890x1680mm
- Level: Small SUV
- Port: Shenzhen
- Highlight: hybrid compact suv 2021 safety, ev plug in hybrid compact suv, ev hybrid compact suv 2021

Product Description

New Energy Vehicles Pure BYD Song Plus EV Electric Car SUV Flagship

The BYD Song Plus is an electric SUV produced by the Chinese automaker BYD Auto. The Song Plus has a sleek and sporty design with a sloping roofline, LED headlights, and a large grille. It measures 4,650 mm in length, 1,830 mm in width, and 1,700 mm in height.

Interior: The interior of the Song Plus is spacious and comfortable, with seating for five people. It features a touchscreen infotainment system with a 10.1-inch display, Apple CarPlay and Android Auto compatibility, and a 12-speaker sound system.

Powertrain: The Song Plus is powered by a 1.5-liter turbocharged engine that produces 150 horsepower and 220 Nm of torque. It is paired with a dual-clutch automatic transmission and has a range of up to 480 km on a single charge.

Battery: The Song Plus uses a 68.8 kWh lithium-ion battery pack that can be charged to 80% in just 45 minutes using a fast charger.

Safety: The Song Plus has a number of safety features, including seven airbags, anti-lock brakes, and electronic stability control. It also has a 360-degree camera system and a blind-spot monitoring system.

100km consumes electricity time(Kwh/100km)	13.1	13.1	15.9	15.9

In terms of suspension, a combination of front MacPherson independent suspension and rear multi link independent suspension is adopted. Based on our previous test drive of the Song PLUS EV Intelligent Electric iDD, we adopted a sporty tuning style, bringing solid and agile driving performance. At the same time, the chassis is equipped with power batteries and necessary battery brackets in the middle, so the entire chassis brings a stable and compact driving feel.

In terms of interior design, it can be seen that the entire interior adopts sharp angular design elements, with a prominent center console design. Details such as the cockpit style gear lever area, three spoke steering wheel, and through air vents enhance the overall texture. At the same time, the entire center console is tilted towards the driver's side, which not only enhances convenience but also brings a good visual aesthetic.

In terms of power, it is equipped with a Blue Whale dedicated turbocharged engine, with a maximum horsepower of 170Ps and a maximum torque of 260N • m. With the assistance of an electric motor, the system's comprehensive maximum torque reaches 590N • m. It is matched with a 6-speed three clutch electric drive transmission, which takes only 6.5 seconds to break 0-100km/h.

The Song PLUS EV continues the design style of the fuel version and is also the design orientation that continues the UNI series, because Byd established this series at the beginning to make it go further. However, the Song PLUS EV is currently the only plug-in hybrid sedan in the series, and is more focused on handling and driving pleasure. Therefore, its overall design style also presents sporty characteristics.
