

Compact BYD Used Cars 5 Door Plug In Hybrid EV SUV BYD Song Plus

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: BYD
- Model Number: BYD Song Plus
- Minimum Order Quantity: 1
- Price: \$25,000.00/pieces 1-2 pieces
- Packaging Details: 1
- Delivery Time: 30
- Payment Terms: T/T
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Steering: Left
- Emission Standard: Euro III
- Year: 2021
- Month: 4
- Mileage: 25001-50000 Miles
- Make: BYD
- Type: SUV
- Fuel: Hybrid
- Engine Type: Naturally Aspirated
- Maximum Power(Ps): 150-200Ps
- Gear Box: Automatic
- Forward Shift Number: 4
- Maximum Torque(Nm): 100-200Nm
- Wheelbase: ≤1500mm
- Number Of Seats: 5

Product Description

New Energy Vehicles Hybrid BYD Song Plus EV Electric Car SUV Used Cars

The BYD Song plug-in hybrid electric vehicle, Battery & Charging: As mentioned, it uses a 38 kWh lithium-iron-phosphate battery pack. BYD quotes a 0-80% charge time of 5 hours using a standard charger.

Electric-Only Range: The all-electric range of 260km is above many plug-in hybrids. This allows many drivers to complete most trips without using any gasoline.

Hybrid Mode: When the battery is low, it seamlessly switches to the hybrid mode using the petrol engine and electric motors together for propulsion.

Regenerative Braking: The electric motors assist in deceleration and braking by converting kinetic energy back into electrical energy to charge the batteries.

100km consumes electricity time(Kwh/100km)	13.1	13.1	15.9	15.9

In terms of suspension, a combination of front MacPherson independent suspension and rear multi link independent suspension is adopted. Based on our previous test drive of the Chang an UNI-V Intelligent Electric iDD, we adopted a sporty tuning style, bringing solid and agile driving performance. At the same time, the chassis is equipped with power batteries and necessary battery brackets in the middle, so the entire chassis brings a stable and compact driving feel.

In terms of interior design, it can be seen that the entire interior adopts sharp angular design elements, with

a prominent center console design. Details such as the cockpit style gear lever area, three spoke steering wheel, and through air vents enhance the overall texture. At the same time, the entire center console is tilted towards the driver's side, which not only enhances convenience but also brings a good visual aesthetic.

In terms of power, it is equipped with a Blue Whale 1.5T hybrid dedicated turbocharged engine, with a maximum horsepower of 170Ps and a maximum torque of $260\text{N} \cdot \text{m}$. With the assistance of an electric motor, the system's comprehensive maximum torque reaches $590\text{N} \cdot \text{m}$. It is matched with a 6-speed three clutch electric drive transmission, which takes only 6.5 seconds to break 0-100km/h.

The Song PLUS DM-i continues the design style of the fuel version and is also the design orientation that continues the UNI series, because Changan established this series at the beginning to make it go further. However, the Changan UNI-V iDD is currently the only plug-in hybrid sedan in the series, and is more focused on handling and driving pleasure. Therefore, its overall design style also presents sporty characteristics.

Brand new car with 0 KM mileage, please contact us for more details
