

Automobile BYD Used Cars 5 Seater New Energy Hybrid EVs Song Plus Flagship

Our Product Introduction

for more products please visit us on evcar.cn

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: BYD
- Model Number: BYD Song Plus DM-I
- Minimum Order Quantity: 1
- Price: \$23,884.00/pieces 1-2 pieces
- Delivery Time: 30
- Payment Terms: T/T
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Steering: Left
- Emission Standard: Euro III
- Engine Capacity: < 4L
- Year: 2021
- Month: 3
- Mileage: 25001-50000 Miles
- Make: BYD
- Type: SUV
- Fuel: Hybrid, Plug-in Hybrid
- Engine Type: Naturally Aspirated
- Cylinders: 3
- Maximum Power(Ps): 150-200Ps
- Gear Box: Automatic
- Forward Shift Number: 4
- Maximum Torque(Nm): 200-300Nm

Product Description

New Energy Vehicles Hybrid SUV BYD EV Electric Car Song Plus Flagship

The BYD Song is a series of electric and hybrid electric vehicles (EVs and HEVs) produced by BYD Auto, a Chinese automobile manufacturer. The Song series includes both all-electric and hybrid models.

Hybrid electric vehicles, including hybrid versions of the BYD Song, typically combine an internal combustion engine (ICE) and an electric motor with a battery pack. The powertrain is designed to optimize fuel efficiency and reduce emissions by utilizing electric power during low-demand situations and switching to the internal combustion engine when needed.

The electric motor in the hybrid Song provides additional power and assists the internal combustion engine during acceleration or when extra power is required. This electric assistance enhances overall performance and fuel efficiency.

The combination of the internal combustion engine and electric motor in the hybrid Song results in improved fuel economy compared to traditional gasoline-only vehicles. However, the specific fuel efficiency will vary depending on factors such as driving conditions, driving style, and the size of the battery pack.
