Product Description:

BYD Used Cars - Product Overview

The 2024 BYD Sea Lion is a pure electric car that offers a sustainable and eco-friendly driving experience. With its advanced technology and sleek design, the Sea Lion is a top choice for those looking for a reliable and efficient used car.

Powered by a 100% electric energy type, the Sea Lion is not only good for the environment but also offers a smooth and quiet ride. Its fast charge time of only 0.75 hours ensures that you can quickly get back on the road and continue your journey.

The Sea Lion also comes equipped with a 360° rear camera, providing you with a full view of your surroundings for safe and convenient parking. No more worrying about blind spots or obstacles in your way.

For those who prefer a more hands-on approach, the Sea Lion offers a manual air conditioner, giving you full control over the temperature and airflow in your car. Stay cool and comfortable no matter the weather outside.

The Sea Lion rides on R18 tires, providing stability and a smooth driving experience on any road. With its sturdy build and reliable tires, you can trust that the Sea Lion will get you to your destination safely.

Experience the best of both worlds with the 2024 BYD Sea Lion - a used car that offers both sustainability and performance. Don't miss out on the opportunity to own this top-quality vehicle.

Packing and Shipping:

BYD Used Cars Packaging and Shipping

At BYD, we understand the importance of packaging and shipping when it comes to delivering our used cars to our customers. That's why we've developed a comprehensive packaging and shipping process that ensures your car arrives safely and in pristine condition.

Packaging

Before shipping, all of our used cars undergo a thorough inspection to ensure they are in top condition. Our packaging team then carefully wraps and protects each car with high-quality materials to prevent any damage during transit.

We also take extra precautions for cars with delicate or fragile parts, such as mirrors and glass, to ensure they are well-protected during shipping.

Shipping

We offer both domestic and international shipping options for our used cars. Our team works with reliable and trusted shipping companies to ensure your car is delivered to your desired location safely and on time.

For international shipments, we take care of all necessary customs and documentation procedures to make the process as smooth as possible for our customers.

Delivery

Once your car arrives at its destination, our team will carefully unload and inspect it once again to ensure it arrived in the same condition as when it left our facility.

We also offer the option for our customers to pick up their purchased car at our facility, where we can provide a thorough walkthrough and answer any questions they may have about their new vehicle.

With our packaging and shipping process, you can trust that your BYD used car will arrive safely and in excellent condition. Thank you for choosing BYD.
