BYD Song L Excellent Electric SUV

The Lixiang L9 is built on the platform of the BYD Song L Excellent, one of the most popular electric SUVs in China. With its sleek design and advanced technology, this SUV has won numerous awards and accolades, making it a highly reputable and trusted choice for electric vehicle enthusiasts.

Powerful and Eco-Friendly

The Lixiang L9 is fully electric, meaning it produces zero emissions and runs solely on electricity. It is powered by BYD's latest lithium-ion battery technology, allowing it to travel up to 662km on a single charge. This makes it perfect for everyday city driving or long road trips.

BYD Song L Diamond Intelligent Driving

The Lixiang L9 features BYD Song L Diamond's intelligent driving system, which includes advanced safety features such as lane departure warning, automatic emergency braking, and adaptive cruise control. This system also includes intelligent parking assistance, making it easier and safer for drivers to park in tight spaces.

BYD Song L Intelligent Interconnection

With the BYD Song L Intelligent Interconnection system, the Lixiang L9 offers a seamless and connected driving experience. This system includes a large touchscreen display, voice recognition, and smartphone integration, allowing drivers to access navigation, music, and other apps with ease.

BYD Song L Intelligent Safety

The Lixiang L9 prioritizes safety with its BYD Song L Intelligent Safety system. This system includes multiple airbags, a reinforced steel frame, and advanced driver assistance features to ensure the safety of both the driver and passengers.
