Features:

Neta AYA Suv EV: Cheap Chinese Electric Car for Sale

If you're looking for an affordable and eco-friendly electric car, the Neta AYA Suv EV is a great option. Manufactured in China, this vehicle is perfect for adults who want to try out a new type of transportation.

This electric car is equipped with the latest technology to ensure a smooth and comfortable ride. It's powered by an electric motor and has a fast-charging capability that can get you back on the road in no time.

Best of all, the Neta AYA Suv EV is priced affordably, making it accessible for many people who want to make the switch to eco-friendly driving. If you're interested in purchasing this electric vehicle, be sure to do your research and compare prices from different dealerships. Don't miss out on the chance to reduce your carbon footprint and save money in the process. Check out the Neta AYA Suv EV today!

Technical Parameters:

If you are looking for an affordable and environmentally-friendly car, then the Neta AYA Suv EV might be just what you need. This electric

car is designed for adults and is available at a low price. Plus, it is manufactured in China, making it a great option for international customers.

The Neta AYA Suv EV is equipped with a powerful electric motor, which allows it to run on electricity rather than gasoline. This means that it produces zero emissions, making it a great option for those who want to reduce their carbon footprint. Additionally, it is easy to charge the car, so you don't have to worry about running out of fuel.

This vehicle is designed with efficiency in mind. It has a range of up to 300 kilometers, making it a great option for commuting or short trips. It also features a spacious interior, so you can comfortably transport passengers or cargo. Additionally, the car has a sleek and stylish design, which is sure to turn heads on the road.

If you are interested in purchasing the Neta AYA Suv EV, it is available for sale at a competitive price. It is a great investment for anyone who wants a reliable, cost-effective and eco-friendly car that also looks stylish and modern.

Applications:

Looking for a new electric car that's affordable? Check out the Neta AYA Suv EV, a Chinese-made vehicle that's perfect for adults! This electric car is not only environmentally friendly, but it's also cheap in price. You don't have to break the bank to own a high-quality vehicle that's both practical and stylish. The Neta AYA Suv EV is a great option for those who want to save money without sacrificing performance or features.

You can easily find this new electric car for sale online or at various dealerships. The price is competitive compared to other electric cars on the market, meaning you can get a good deal without compromising on quality. With its sleek design and comfortable interior, you'll enjoy cruising around town in your new Neta AYA Suv EV!

Customization:

Looking for a customizable Electric Vehicle (EV) car? Look no further than the Neta Aya, produced by Neta, a reputable brand based in Shenzhen. With a top speed of 101Mph and powered by electricity, it's perfect for environmentally conscious drivers. The interior color is dark and it has R19 tires. The steering system is electric.

Our minimum order quantity is just 1 car and the price ranges from \$10230 to \$12350. The packaging details are normal and delivery time is 15 days. We accept T/T payment terms and have a supply ability of 10 cars.

Customization services are available for the Neta Aya EV car, so you can get the perfect car to meet your needs. Contact us today to learn more!

Packing and Shipping:

Product Packaging:

Our Electric EV Cars are shipped in a sturdy cardboard box with foam padding to ensure the safety of the vehicle during transport. The box is labeled with the product name, model number, and handling instructions.

Shipping:

We offer free shipping within the United States. Shipping outside the US is available for an additional fee. Delivery times vary based on location and typically range from 3-10 business days. Once your order has shipped, you will receive a tracking number via email to track your package.
