Products Description

Features:

Low Price Sale Dongfeng Forthing S50 EV 2023

If you're looking for an affordable electric car that can seat up to five people, the Dongfeng Forthing S50 EV 2023 may be exactly what you're looking for. This four-wheel electric car is equipped with a powerful 150Ps motor that will provide you with all the speed and acceleration you need to get around town, and it's also extremely energy-efficient, so you can save a lot of money on gas. With a range of up to 430km, you'll be able to travel long distances without having to worry about recharging your car's battery. Whether you're commuting to work, running errands, or taking a road trip, the Dongfeng Forthing S50 EV 2023 has everything you need to make your journey as smooth and enjoyable as possible.

And best of all, this ev car is available at a low price that won't break the bank. So why wait? If you're ready to experience the many benefits of electric cars, head to your local dealer today and take the Dongfeng Forthing S50 EV 2023 for a test drive.

Technical Parameters:

If you're looking for an affordable electric car, consider the Dongfeng Forthing S50 EV. With a low price for sale, this 5-seater vehicle

boasts a 150Ps motor and four wheels, making it a reliable and efficient transportation option.

What's more, the Dongfeng Forthing S50 EV has a range of 430km on a single charge, allowing for hours of driving before needing to recharge. Plus, buying used electric cars is an eco-friendly choice, as it reduces the carbon footprint associated with manufacturing new vehicles.

Get ready to experience the convenience, cost savings, and sustainability of electric cars by purchasing the Dongfeng Forthing S50 EV. Specifications:

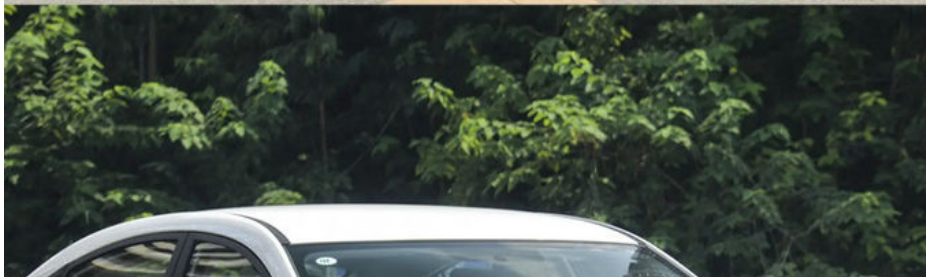

Year: 2023

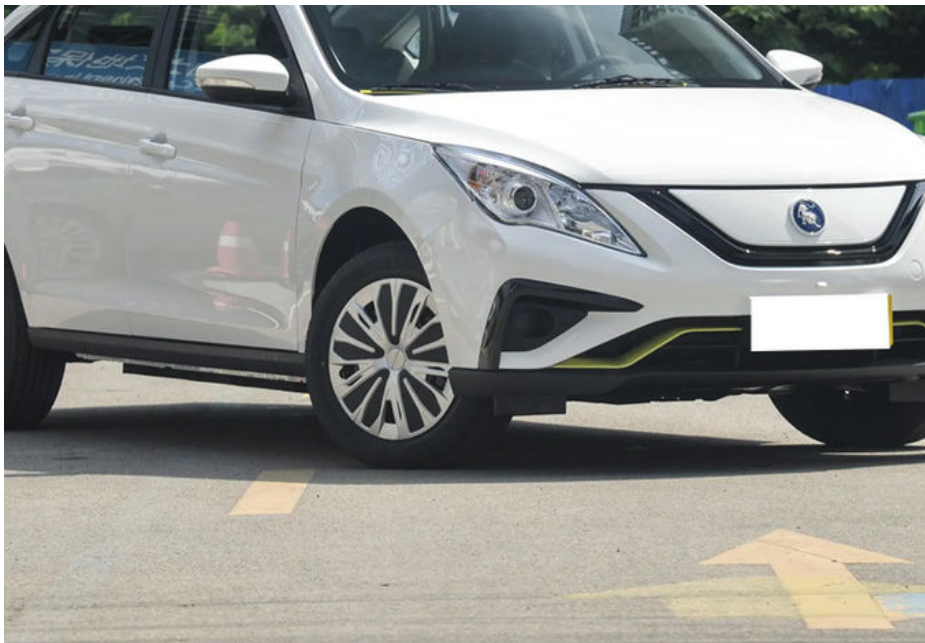

Seating: 5 people

Motor: 150Ps

Drive: 4-wheel electric

Range: 430km

Applications:

Are you looking for an affordable electric car? Check out our Dongfeng Forthing S50 EV, which is now available at a low price. This car is perfect for a family of five, as it has five seats and plenty of space. Plus, it has an impressive 430km range, meaning you won't need to worry about running out of charge on longer trips.

One of the best things about this electric car is that it produces zero emissions. That means not only will you be saving money on fuel costs, you'll also be doing your part for the environment. And with a power output of 150Ps, you won't be sacrificing performance for eco-friendliness.

This 4-wheel electric car is the perfect choice for those who want to switch to EV driving without breaking the bank. It's also a great option for anyone who wants to reduce their carbon footprint while still enjoying a comfortable and spacious car. And don't forget - with used electric cars, you're not only saving money - you're also helping to reduce waste by giving a pre-owned vehicle a new lease on life.
