## Product Description

### Product Description:

Introducing the latest addition to the BYD lineup - the 2024 BYD Sea Lion 07 EV Luxury Mid Size 5 Seater SUV! This brand new arrival is a pure electric car with a comprehensive range of 610km, making it perfect for long distance travel. With its 90kW fast new energy vehicle, this SUV is a game changer in the electric car market.

The BYD Sea Lion 07 EV is not only environmentally friendly, but also luxurious to ride in. Its spacious five-seat design ensures that passengers can travel comfortably and in style. It is perfect for family getaways and daily commutes alike.

The 2024 BYD Sea Lion 07 EV exceeds expectations with its impressive range, fast charging capabilities, and luxurious design. Plus, with zero emissions and low maintenance costs, it is an ideal choice for those who care about the environment and their wallets.

## Products Description

## Features:

**Introducing the 2024 BYD Sea Lion 07 EV:** a mid-size 5-seater SUV that boasts luxury and pure electric power. This new arrival in the automotive world is a game-changer, featuring a 610km long-range capacity and 90kw fast new energy vehicle capabilities.

Unlike traditional gasoline-powered SUVs, the BYD Sea Lion 07 EV prioritizes sustainability with its pure electric power source. This vehicle is a step towards a greener and more eco-conscious future by eliminating harmful emissions.

Not only is this SUV environmentally-friendly, but it also offers uncompromising luxury. The BYD Sea Lion 07 EV is designed with the modern driver in mind, featuring advanced technology and high-quality materials.

Overall, the 2024 BYD Sea Lion 07 EV is a testament to the possibilities of innovation and eco-consciousness in the automotive industry. Try it today and experience a new standard of luxury and sustainability.

### Technical Parameters:

The 2024 BYD Sea Lion 07 EV is a new arrival in the market of luxury mid-sized SUVs. This car is powered purely by electricity, making it a new energy vehicle. It boasts a 610 km long range, which is impressive for an electric car. Additionally, the 90 kW fast charging feature ensures that the car can recharge quickly while on the go.

The BYD Sea Lion 07 EV is designed to seat five passengers comfortably. It's a spacious SUV that provides ample room for a family or group of friends. The car's luxury features make it an attractive option for those looking for a high-end SUV that's also environmentally friendly.

### **Applications:**

The 2024 BYD Sea Lion 07 EV is a new luxury mid-size 5-seater SUV that has just arrived in the market as a pure electric car. With 610km long range and 90kw fast new energy vehicle technology, this car promises to be a revolutionary option for eco-conscious drivers. The BYD Sea Lion 07 EV is here to satisfy the needs of drivers who are looking for a sustainable, yet stylish car for their daily commutes. Its cutting-edge electric powertrain technology and high-end luxury features make it an ideal choice for those who seek a comfortable and eco-friendly driving experience.

With its impressive 610km long range, the BYD Sea Lion 07 EV is ideal for long trips, reducing the need for frequent charging. The car's 90kw fast new energy vehicle technology also means that it can be charged quickly and efficiently, making it a convenient and practical option for busy drivers.

### **Packing and Shipping:**

**Product Packaging:**

The Electric EV Cars will be securely packaged in a sturdy cardboard box with foam inserts to prevent any damage during transportation. The product will be labeled with the necessary information, including the product name, model number, and quantity.

**Shipping:**

Shipping for the Electric EV Cars will be handled by our trusted shipping partners to ensure prompt and reliable delivery. Customers will receive a tracking number to monitor the status of their shipment. Shipping costs will depend on the destination and weight of the package. We offer various shipping options, including standard and expedited delivery.
