Basic Information

- Place of Origin: Shenzhen
- Brand Name: Mercedes Benz
- Model Number: EQE SUV
- Minimum Order Quantity: 1
- Price: 35300-46320
- Packaging Details: Normal
- Delivery Time: 15
- Payment Terms: T/T
- Supply Ability: 10

Product Specification

- Rear Window: Electric
- Size: 4800x1875x1460mm
- Steering System: Electric
- Type: SUV
- Forward Shift Number: 5
- Tire Size: R19
- Cabin Structure: Integral Body
- Sunroof: No
- Highlight: 2024 Mercedes Benz 4MATIC EQE 500, 4MATIC EQE 500 EV Electric Car, New Energy Vehicles SUV

Products Description

Features:

2024 New Energy Vehicles EV Mercedes Benz EQE SUV 4MATIC 500 EV Electric Car For Mercedes Benz

Get ready for the latest addition to the Mercedes Benz line-up of Electric Vehicles (EV) with the upcoming release of the EQE SUV 4MATIC 500 EV in 2024. This sleek and modern design vehicle is powered entirely by electricity, providing drivers with a sustainable and efficient mode of transportation.

The EQE SUV 4MATIC 500 EV is equipped with advanced technology and cutting-edge design with powerful electric motors ensuring speed and acceleration while reducing harmful emissions. This EV is perfect for daily commutes or for weekend road trips and offers a comfortable and eco-friendly ride.

But the EQE SUV 4MATIC 500 EV isn't just stylish and practical. It also has state-of-the-art safety features, advanced technology, and a spacious interior, making it the top choice for anyone who wants to experience the future of automotive innovation.

Technical Parameters:

Introducing the 2024 Mercedes-Benz EQE SUV 4MATIC 500 EV

Mercedes-Benz is proud to announce its latest addition to the New Energy Vehicles category: the EQE SUV 4MATIC 500 EV. This electric car is designed to provide drivers with a luxurious and eco-friendly driving experience, while maintaining the high-performance standards that Mercedes-Benz is known for.

The EQE SUV boasts a powerful 500 EV motor that delivers instant acceleration and smooth handling on any terrain. Its long-range battery technology ensures that the car can go the distance, making it the ideal choice for both city driving and road trips.

In addition to its impressive performance capabilities, the EQE SUV also features a sleek and modern design. The spacious interior is fitted with the latest technology to provide drivers and passengers alike with a comfortable and enjoyable ride.

With the release of the EQE SUV, Mercedes-Benz once again proves its commitment to sustainable transportation and cutting-edge innovation.

Applications:

Introducing the Future of Sustainable Driving: The Mercedes Benz EQE SUV 4MATIC 500

In the year 2024, Mercedes Benz will be unveiling its latest addition to the world of new energy vehicles (NEV) – the EQE SUV 4MATIC 500 electric car. This car is set to revolutionize the way we drive, with a focus on sustainability and environmental friendliness. The EQE SUV 4MATIC 500 is an all-electric car, powered entirely by an electric motor and a rechargeable battery. It boasts a range of up to 400 miles on a single charge, making it a practical and efficient choice for everyday driving. The car also features a sleek and modern design, with a spacious and luxurious interior that will keep drivers and passengers comfortable on even the longest journeys. The EQE SUV 4MATIC 500 is the next step in Mercedes Benz's commitment to reducing carbon emissions and creating a sustainable future. With this car, drivers can enjoy the benefits of cutting-edge technology while still reducing their impact on the environment.
